

WHAT COULD YOU DO
ON A **CANVAS ?**

a collaborative and interactive art piece

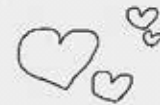

CANVAS

DRAW
DREAMS

DRAW
BRICKS

DRAW
**LOVE &
SEND MESSAGES**

DRAW **DREAMS** | ONE MILLION DREAMS

"Dreams are the touchstones of our characters."

- Henry David Thoreau

What is a dream?

A dream can include any of the images, thoughts and emotions that are experienced during sleep. Dreams can be extraordinarily vivid or very vague; filled with joyful emotions or frightening imagery; focused and understandable or unclear and confusing.

Dreaming on social networks.

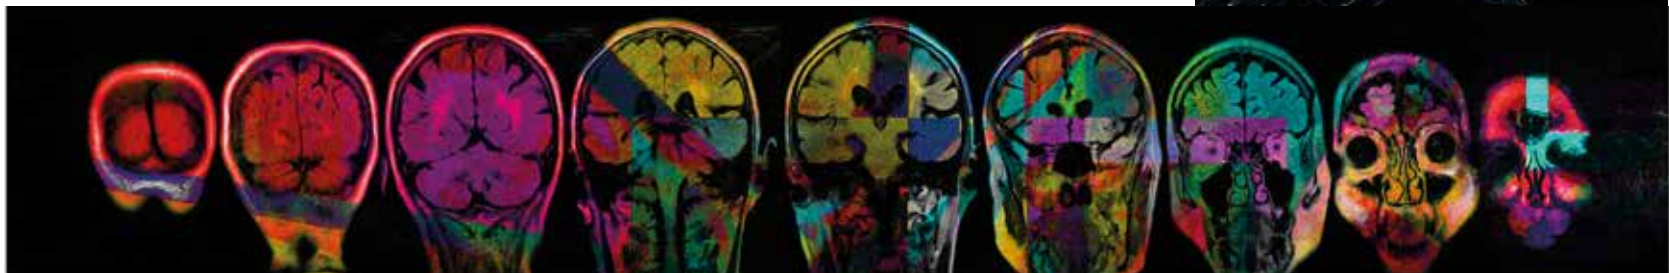

You had a dream last night, and you published something about it on major social networks? A software captured it and put it on a database.

DRAW **BRICKS** | BUILD A HOUSE

LET'S BUILD A THING!

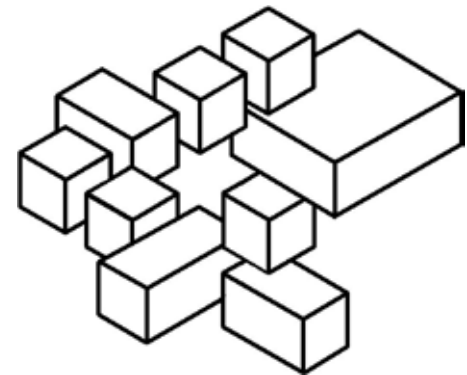

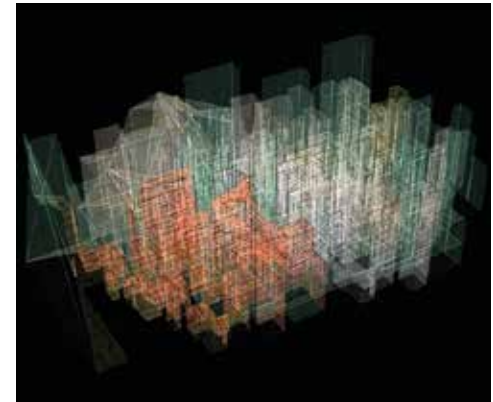

Lego is a construction toy consisting of interlocking plastic building blocks. I was thinking Lego is an easy way to represent a completion because when you start to build something by Lego (bricks) when you finish you will get a piece of an awesome stuff that it really comes from your imagination. Every time when you play and build a thing by using bricks and blocks you can feel it will never finish you can also take out or add more bricks more and more. It can't limit your creativity as well.
